

STOP BULLYING

What should I do?

TAKE A STAND!

Bullies often target those who they believe are not going to stand up for themselves. Be assertive and confident if you are bullied.

If you are confronted by a bully...

Don't:

- ✗ Engage the bully with similar behavior. If they taunt you, don't taunt back. If they shove you, don't shove them back. Do what they want.
- ✗ Show you're upset. Try to control your emotions and keep cool.
- ✗ Keep it a secret.

Do:

- ✚ Proudly walk away and ignore the bully. Don't show you are affected.
- ✚ Confidently tell the bully you don't like what they are doing and tell them to stop. Remember, you deserve respect and the bully has no right to take it.
- ✚ Ask your friends for help and to accompany you in places where you might confront you.
- ✚ Ask an adult you can trust for help. Even if you think you have solved the problem, let an adult know. The bully may move on to someone else.

DON'T STAND BY

If you see bullying occur...

It may seem obvious to not contribute to bullying. But, it can sometimes be difficult. Can you think of a time when it might be difficult? **Discuss.**

When would you speak up and when should you not? Can you think of a situation where speaking up would be a bad idea? A good idea? And, what should you say? **Discuss and practice/roleplay.**

If you are going to get help, where should you get help from? **Together, come up with several bullying scenarios. For each scenario, come up with a plan to get help.**
