

PERSISTENCE

Winners Despite Rejections

If you're brainy enough to write a book—and persevere through that long process—surely you can count on getting it published, can't you? Not necessarily. It's after the writing is done that you need perseverance the most, many authors who've faced rejection letters will tell you.

Dr. Seuss Persevered

If Dr. Seuss quit after his first or even his 10th rejection, you'd never have read *Green Eggs and Ham* or *Go Dog Go*. His first book, *To Think That I Saw You Sneaking Into My House and Not Being Caught*, was rejected more than 30 times. He went on to write nearly 50 children's books, many loved by adults, too.

If he hadn't persevered, you wouldn't have the promise of his tale, *Oh the Places You'll Go*.

So Did Emily Dickinson

Emily Dickinson, a 19th century U.S. poet, saw just seven of her poems published in her lifetime. But she kept on writing—more than 1,700 poems. Today, her words are studied and revered by many.

Without her perseverance, you wouldn't have been inspired by her words, "Hope is the thing with feathers/That perches in the soul" or "As imperceptibly as Grief/The summer lapsed away."

"If you can somehow think and dream of success in small steps, every time you accomplish a small goal, it gives you confidence to go on from there."

— JOHN H. JOHNSON
